## **Carteret County Confirmed COVID-19 Cases Current as of 5/28/2021, 3:00 pm**

Carteret County has 5,084 confirmed COVID-19 cases as of May 28, 2021 at 3:00 pm. Of the 5,084 confirmed COVID-19 cases, 5,010 cases have fulfilled the CDC’s isolation requirements and are considered “recovered.” This means 19 cases are considered “active” and are still in isolation. In Carteret County, there have been 55 deaths associated with COVID-19. There are 6 COVID-19 patients currently hospitalized at Carteret Health Care.

Carteret County residents are encouraged to use reputable sources of information to learn more about COVID-19. Reputable sources of information include the Carteret County Government, NC Department of Health and Human Services (NC DHHS), and Centers for Disease Control and Prevention (CDC) websites.

<b>Total Confirmed Cases in Carteret County</b>	<b>Active Cases in Carteret County</b>	<b>Recovered Cases in Carteret County</b>	<b>COVID-19 Deaths in Carteret County</b>	<b>Number of COVID-19 Patients Hospitalized at Carteret Health Care</b>
<b>5,084</b>	<b>19</b>	<b>5010</b>	<b>55</b>	<b>6</b>

Total confirmed COVID-19 cases in Carteret County do not represent the actual number of COVID-19 cases within our community. We know there are people who are infected, but are not showing symptoms. We also know some people will experience mild illness and choose not to seek treatment or testing. Lastly, we know there are cases that may not have been detected by tests.

As you review this data, please note information found within this report is accurate as of 5/21/2021. This report contains preliminary data that may change as cases are further investigated. Percentages may not total 100% due to rounding.

\*Data designated as “unknown” are still being investigated. We receive incomplete demographic information that requires us to verify.

### Carteret County Confirmed COVID-19 Cases by Ethnicity

\*Data designated as “unknown” are still being investigated. We receive incomplete demographic information that requires us to verify.

### Percent Positive/Estimated Total Tests Completed for Carteret County

This NC Department of Health and Human Services chart/graph shows the percent of positive tests as a proportion of total ELR tests. We know that as testing increases, the number of cases can climb. This gives us an idea of the number of cases with respect to the amount of testing being done. This is only calculated using results from labs that report electronically into the state system (e.g. NC State Lab of Public Health, LabCorp, Carolinas Medical System (Atrium Health), Duke, UNC, Vidant, Novant, Mission Hospital, Quest Atlanta, Quest New England, Quest Tampa, Quest West Hills, and Mako). New labs are continuously being onboarded for ELR. Thus, this information may not be representative of tests in Carteret County that are being done by labs not reporting electronically. ELR=Electronic Lab Reporting
